TEMPLE CARE TIP OF THE MONTH

Are you familiar with strength training? Strength training is any form of exercise that uses weights or resistance to build strength in your muscles and can be done with equipment or your own body weight. Some benefits of strength training include increased muscle strength and balance which can help improve your ability to perform daily tasks and activities. We all need strength training and it's never too late to start! Let's get MOOOOOOOOVING!

"In this house we believe in good health and that includes affordable health insurance." If you have major life changes, you could still get low-cost health insurance, today. For information, please contact Trustee Annette Bowman, Charity Health Navigator or Sis. Stephanie Singleton, South Carolina Navigator Supervisor, after service to arrange a consultation.
